

THE GRAVELY GROUNDS MAINTENANCE SYSTEM

The choice of professional groundskeepers
and demanding homeowners

StevenChalmers.com

blowing or whatever, the power is always supplied by a dependable Gravelly tractor.

TOUGH TRACTOR TOUGH SYSTEM.

With 59 years of experience we should know how to build a tough product. And we do. Start with the Gravelly tractor and its famous all-gear direct drive. The gears are precision cut and run in an oil bath. Friction is kept to a minimum, so power is transmitted efficiently. There are no belts to slip, wear out or break. Then there's the reinforced and welded all steel frame. Even the sheet metal is all steel. We put this kind of tough-

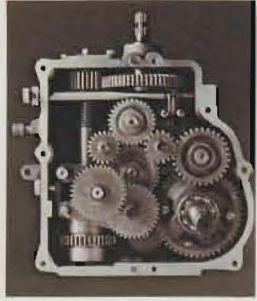

exactly what you need for your lawn and garden applications. And he has the training, knowledge and parts to provide complete year-round service on all Gravelly models and accessories.

TEST DRIVE 59 YEARS OF EXPERIENCE.

Drop by your Gravelly Dealer. He'll give you a hands-on demonstration of the hardworking Gravelly Grounds Maintenance System. Then you'll know for yourself why over the last 59 years, so many people have made Gravelly their first and only choice in lawn and garden care.

THE GRAVELLY SYSTEM THE FOUR-SEASON SYSTEM.

The Gravelly Tractor is the heart of the Gravelly system. As a total grounds maintenance system, it provides the power for attachments that can handle just about any chore — any time of year. You can start out with a Gravelly tractor and a mowing deck, and later expand your capabilities with over 40 attachments and pieces of allied equipment. You don't have to buy a separate piece of equipment for every task. So whether it's mowing, tilling, plowing, dozing, snow-

ness into every Gravelly tractor...and every Gravelly accessory. It's your assurance that when you purchase a Gravelly Grounds Maintenance System it will be maintaining your grounds for years to come.

FULL SYSTEM — FULL SERVICE.

Your Gravelly Dealer has it all, for both home-

owner and professional needs. The tractors, the attachments. He can help you decide

1. Cast Iron Transmission Housing
2. 8-Speed Transmission
3. All-Gear Drive
4. Precision Bearings
5. Self-Propelled Power Source for Over 20 Attachments
6. Rear Mounted Engine Bolted Directly to Transmission
7. Instant Forward/Reverse
8. Convenient Controls
9. Center PTO, Optional Front and Rear PTO
10. Rack and Pinion Steering
11. Heavy-Duty, Cast Iron Pivoting Front Axle

4-WHEEL RIDING TRACTORS

Gravelly Tractors are designed and built by people who know the demands made upon a tractor. We know that you are looking for outstanding performance, efficient operation and all-round durability. And we build products to meet those demands. So that day after day, year after year, these powerful, tough tractors handle whatever is thrown at them. As a matter of fact, there are over 20 attachments to extend the year-round versatility of these riding tractors.

2-WHEEL CONVERTIBLE TRACTORS

Gravelly Tractors give you the best all-round performance in 2-wheel convertible walk-behind and/or ride-behind grounds maintenance equipment. Whether it's a lawn to be mowed, high weeds to be cut, or snow to be cleared, there's a Gravelly 2-wheel convertible tractor and attachment equal to the task.

For dependability it features the unique Gravelly all-gear direct drive...and for ease in maneuverability, instant forward/reverse in any gear.

1. Rugged Kohler Engine
2. Cast Iron Transmission Housing
3. Replaceable Air Filter
4. All Gear Drive
5. Instant Forward/Reverse
6. Integral Slip Clutch
7. Convenient Controls
8. Tractor Stand
9. Steering Brake (Optional)

NO GRAVELLY WARRANTY ON ALLIED EQUIPMENT

Gravelly makes no warranties — express, implied or otherwise for any of the Allied Equipment shown above. Allied Equipment is manufactured and warranted by the individual manufacturers. Proper use of Allied Equipment when attached to the recommended Gravelly Equipment will not void Gravelly's own Equipment warranty. CAUTION — use of any other Allied attachments not shown above can result in voiding the warranty on Gravelly Tractors.

To continue its program of quality and design improvement, the manufacturer reserves the right to change specifications, designs and prices without notice and without incurring obligation.
