

**BLIZZARD
TESTED AND
PROVED....**

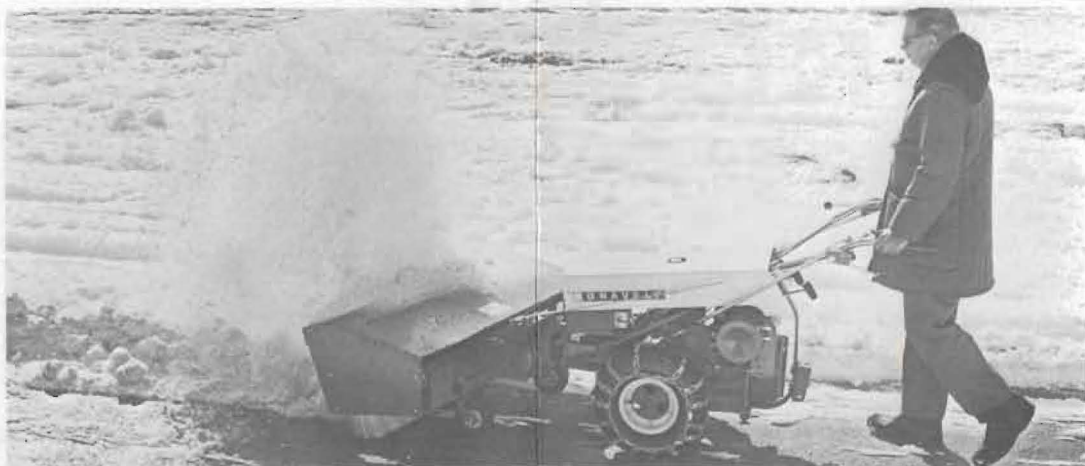

GRAVELLY

The Gravelly 34-inch Snowblower powered by the Commercial 12 Convertible Tractor will have you out and gone while your neighbor is still snowbound!

Precise control with the directional chute assembly lets you put snow exactly where you want it... six inches to sixty feet away, over or under obstacles. Controls are conveniently located at operator's position.

DRIFT CUTTER—
FOR HANDLING THE BIG DRIFTS.

GRAVELLY 10 HP CONVERTIBLE TRACTOR WITH 48-INCH SNOWDOZER

GRAVELLY

**WE BELIEVE IT'S THE BEST—
LET US SHOW YOU WHY!**

While you're here take a good, close look at the Gravelly 26-inch and 34-inch Snowblowers. They have convenient directional control; you put snow exactly where you want it—from six inches to sixty feet away! Controlled from the operator's position.

These rugged two-stage blowers have heavy-duty, steel construction, plus the famous Gravelly all-gear-and-steel-shaft-drive that means year after year of dependable service.

Powered by any one of the four all-gear-drive Gravelly Convertible Tractors ranging from 7.6 to 12 horsepower.

ROLL YOUR SNOW TROUBLES AWAY, FAST

Clear the average sidewalk in just one pass, the driveway in two passes, with Gravelly's 48-inch SnowDozer powered by any Gravelly Convertible Tractor. Use handy pull pin to set blade so it pushes the material straight ahead, or angle the blade to the left or right.

Doubles as a Dozer Blade too . . . moves loose dirt, cinders, gravel. You'll be amazed at what you can accomplish with this rugged blade.

See or call us today for more information and a free demonstration. We'll be more than happy to counsel you on the best equipment for your particular job requirement.
