**CAN BEST
YOUR WORST
MOWING JOBS**

ALL GEAR DRIVE FOR THE TOUGH JOBS

Gravely 30-inch Rotary Mower attachment is at home on lawns or in tough weeds and brush. Powered by Gravely Convertible Tractors, driven directly from the engine, the 30-inch Rotary Mower has the guts to do a real job in the toughest mowing conditions. Swivels to follow ground contour.

Try the tough one for your tough jobs!

READY FOR A LAWN TRACTOR?

The Gravely 408 is a sporty little Lawn Tractor with a 34-inch Rotary Mower that makes short work of your mowing jobs.

Gravely quality in a smaller size and at a smaller price, the 408 boasts four-on-the floor, fast-action, forward-reverse, and a 34-inch Rotary Mower that does a fine mowing job...and will continue to do a fine job for years and years with normal maintenance.

BIG LAWN? BIG MOWER.

When you have a big mowing job, consider the big, rugged Gravely Commercial Mower with its full 40-inch cut. Gets the job done fast.

All gear drive down to the single horizontal belt; caster wheels and skids to help prevent scalping. Swivel action follows ground contour for a smooth mowing job.

Big jobs? Gravely's got the big mower to get them done fast.

SALES AND SERVICE

www.stevenchalmers.com

With emphasis on the **service**.

Any equipment, no matter how well built, or how carefully maintained, will eventually need service. This is a fact of life. Gravely builds products to last, to be dependable and durable. But when you need service, it is good to know that help is as near as your phone...that we will service your Gravely equipment, stock most parts, have trained mechanics to get you going again.
